

Novair 700 / HEPA Filtered Air Purifier

Remediation, Air Scrubbing, Restoration, Healthcare, and Clean Rooms are only a few applications for the Novair 700.

- **More Power:**

The Novair 700 is the most powerful impeller driven air mover in its class. Its heavy duty drive system, equipped with variable speed adjustment, is capable of delivering 200-700 CFM and dramatically increases filter life.

- **Versatility:**

The Novair 700 is at home in applications ranging from asbestos removal, restoration projects, airborne pathogens and medical uses.

- **Virtually indestructible:**

The heavy duty roto molded, leak proof and virtually indestructible.

- **Standard filters:**

16" x 16" x 3" high capacity HEPA filter is standard.

- **Low power requirements:**

Drawing only 3 amps, the 700 can be daisy chained up to three units. The built in GFCI outlets allow for safe and effective operation. The Novair's straight through design makes it ideal for virtually any application.

- **Utilizes standard "Lay flat" or flex ducting:**

10 to 12 inch vacuum ports allows for maximum airflow with little restriction.
