THERMAL IMAGING MONOCULAR

FLIR BREACH® PTQ136

Built for the rigors of law enforcement, the FLIR Breach PTQ136 spots the heat of suspects and objects in total darkness. Featuring the new FLIR Boson core and a compact design, the FLIR Breach offers unmatched tactical awareness. Weighing only 7.4 ounces (210 grams), the FLIR Breach can be concealed in a pocket or mounted to a helmet with its mini-rail feature, while adding minimal weight to officers' heavy gear. Additional features include onboard recording and seven palettes for fast detection of suspects or evidence, day or night.

www.flir.com

EXCEPTIONAL VISION

The advanced image processing of the Breach PTQ136's internal FLIR Boson thermal core and a bright high definition display create excellent image clarity and provide better detection and classification, day or night.

Custom Viewing

 Multiple thermal image palettes create a fully customizable viewing experience

Digital Compass and Inclinometer

Great situational awareness with integrated object orientation

FLEXIBLE MOUNTING OPTIONS

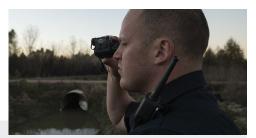

For hands-free operation, Breach PTQ136 has multiple mini-rail mounting points designed to allow for a wide variety of head mounts, helmet mounts, and to install additional equipment.

Built-In Recording

• Internal storage of up 2.5 hours of recording or up to 1,000 pictures

Iconic FLIR Warranty

• Enjoy FLIR's 10-year Detector warranty

SUPERIOR VALUE

The Breach PT0136 is packed with features. Document operations with on-board video recording and image capture. Choose from multiple palettes to perfect viewing during varied situations. Enhance situational awareness with a digital compass/inclinometer.

Made in the USA

 Have the peace of mind that comes from knowing your gear is made and supported in the USA
