

RA 50

RA 50 D 3,0 IE2

The powerful RA 50 D 3.0 fitted extraction unit vacuums swarf and punchings. It is suitable for confined spaces and can be used both as a mobile and stationary unit. Suitable for continuous operation.

Order number: 9.986-408.0

Technical Data

Ringler part no.	-
Rated input power (kW)	3
Voltage Ph/V/Hz	3/400/50
Sound pressure level (dB(A))	77
Dimensions (L x W x H) (mm)	850x550x610
Container capacity (l)	50
Weight (kg)	79

Details

Beschreibung

The mobile Ringler RA 50 D 3.0 small extraction unit reliably vacuums small quantities of swarf, punchings, granulate and coarse dust in continuous operation. It features a steel waste container (ø 520 x 300 mm in height) and has a capacity of 50 litres (filling quantity approx. 20 litres; suction connection: DN 50, inner taper without suction hose). Additional features: lid with handles and swarf baffle plate to protect the filter, connection hose, compressor container, baseplate with wheels (steerable), powerful side channel blower (DN 100, direct drive, virtually wear-free), exhaust silencer, paint: RAL 5015 (sky blue) / RAL 9006 (white aluminium) Warranty: 12 months with proper use and regular servicing. Subject to technical changes.
